

**d-c-fix**

# Self adhesive film - heat resistant to 75°C

What do I need to get started?

- ✓ scissors / scalpel
- ✓ pencil
- ✓ ruler / tape measure
- ✓ cloth / smoother

How do I apply d-c-fix®?

1 ensure surface is thoroughly cleaned

2 measure the surface to be covered

3 cut to size allowing a 4mm margin to allow for error

4 place in position and gradually peel away from the backing paper

5 smooth down the film with a cloth or smoother

**Tip!**  
use our applicator kit for the perfect finish!
